ALSO! Thanks to James "Kibo" Parry for his many ideas, fonts, and bonus track vocalizations, to Terri for coming up with "Interrobang Cartel" and Gokmop the Irrefragible (Dr. John D. Salt) for recognizing that it was the name of the band and for not suing us, to Glenn Knickerbocker for the use of his secret identity NotR, and to the many other people involved in one way or another with the Interrobang Cartel project—IC wouldn't be the same with or without you!
